

OCUTIV™

THE HIGHEST-QUALITY, MOST COMPREHENSIVE EYE HEALTH SUPPLEMENT EVER!

Clear vision is your vital link to enjoying a full, healthy life. Unfortunately, our modern diets are often lacking in the very nutrients our bodies need to keep our eyes healthy; especially fruits and vegetables. Coincidentally, the molecules which make fruits and vegetables appear colorful and beautiful, are the very same nutrients that preserve our vision. Unfortunately, most of us don't consume nearly enough on a daily basis. Now, more than ever, human beings need a powerful eye supplement.†

BENEFITS OF OCUTIV™

OCUTIV™ provides a rich and powerful concentration of carotenoids, polyphenols and many other eye-health-boosting nutrients to give your eyes ultimate nutritional support!†

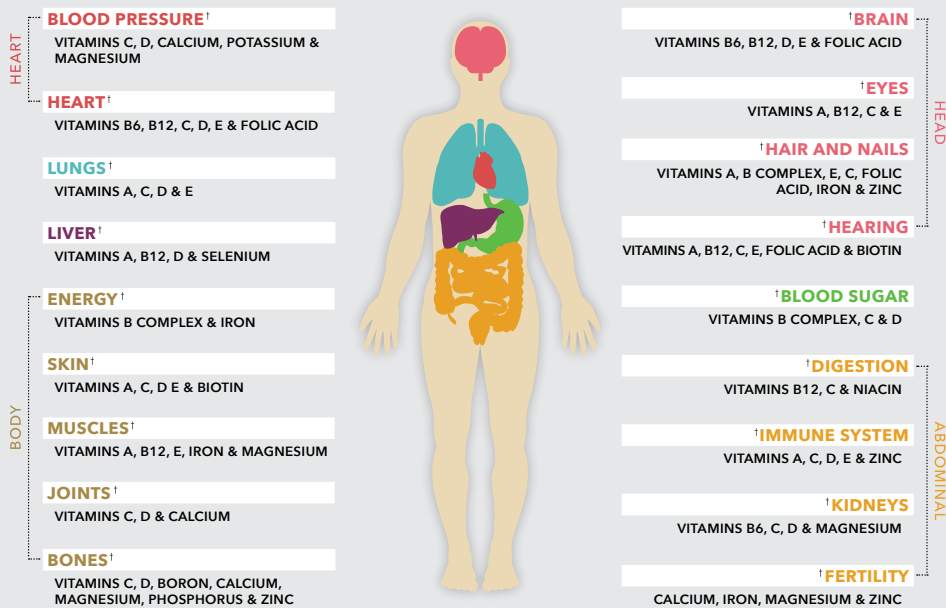

OCUTIV™ features a powerful array of targeted nutrients known for their eye-health-promoting activities. It includes active carotenoids, high potency vitamins, essential minerals and powerful botanicals that promote ocular well-being. OCUTIV™ also features powerful botanical antioxidant nutrients, including bilberry and grapeseed extract, as well as an outstanding organic whole food and trace mineral complex, promoting robust ocular health and helping to control inflammation.

OCUTIV™

**THE HIGHEST-QUALITY, MOST COMPREHENSIVE
EYE HEALTH SUPPLEMENT EVER!**

OCUTIV™ POWERFUL ARRAY OF NUTRIENTS INCLUDE:

LUTEIN – The primary antioxidant carotenoid of eye macula health; the focal part at the back of eye that requires the most protection from light and oxidative damage.[†]

ASTAXANTHIN, ZEAXANTHIN AND LYCOPENE – These carotenoids are naturally found in most of the foods that supply lutein. In fact, research suggests that they work synergistically with lutein for even greater antioxidant protection.[†]

ESSENTIAL VITAMINS A, C AND E, AS WELL AS ZINC AND SELENIUM – These essential nutrients have been scientifically shown to help preserve eye health, promoting optimal vision.[†]

BILBERRY AND GRAPESEED EXTRACT – These natural botanicals contain powerful polyphenol antioxidants. Ancient healers used these plants to promote healthy vision for hundreds, perhaps thousands of years.[†]

ORGANIC TRACE MINERAL COMPLEX – Trace minerals known to help the body control inflammation and may be helpful for eye health and comfort; since the eyes are particularly sensitive to oxidative stress and inflammation.[†]
