

Item# 20690 - 60 Capsules

S.M.A.R.T. fx™

Formulated to support optimal healthy brain function. We all know that fish is one of the best “brain foods” available to us, but contrary to popular belief, it isn’t actually the FISH that is so good for our mind and body, but the essential fatty acids (EFAs), or Omega-3s, that are found IN the fish.

S.M.A.R.T. fx™ is a super-concentrated dose of DHA and EPA, to offer optimal EFA supplementation for ANYONE interested in promoting optimal brain health and function, and supporting focus, concentration, mood, and memory.

- S.M.A.R.T. fx™—an acronym for Sustained Memory And Retrieval Time
- Supports optimal neural path function and cardiovascular health
- Supports optimal mental agility, awareness, focus, and concentration

Supplement Facts

Serving Size: 1 Soft Gel

Servings per Container: 60

Amount per Serving	% Daily Value**	
Calories	4	
Calories from Fat	4	
Total Fat	0.5 g	0.75 %
